GTM Engineering | Lead Workflows

New York, NY | cjwheelock1@gmail.com | 520-891-0750 | linkedin.com/in/cjwheelock

Founder and AI product builder with 10+ years in enterprise sales and partnerships. Shipped a revenue-generating iOS app, built a local CRM and advised startups on positioning and outbound. Brings a builder-operator perspective to lead qualification, handoffs and sales workflows.

PROFESSIONAL EXPERIENCE

OMG Goals Incorporated — New York, NY
Founder — 2025 - Present

Public benefit corporation helping young adults build more fulfilling lives.

Hire Line Dancers connects event planners with line dance instructors.

- Built role-based workspaces, private inquiry conversations and matching by service area and event type.
- Built approval-based Stripe billing, verified webhooks and renewal recovery; validated follow-up locally.

SideQuest turns daily life into real-world adventures through themed, city and campus quests.

- Built a local partnership CRM with deduplicated imports, contact provenance, pipeline stages and campaign drafts.
- Cut the unpacked local app bundle 47%, from 406.2 MB to 213.9 MB, by moving 1,492 images to cached, on-demand delivery.

Hey Sammy helps people discover recurring local activities.

- Built a source-backed extraction pipeline with structured records, recurrence logic, geospatial validation, deduplication, bounded retries and resumable jobs.
- Reduced database requests for three activity rows from ~37 to 11 in an instrumented local client test.

Sales and GTM Consulting — Remote
Independent Go-to-Market Advisor — 2022 - Present

- Advise early-stage startups on positioning, messaging, outbound sales, and closing.

Tokemak — Remote
Head of Partnerships — Sep 2021 - Aug 2022

- Facilitated liquidity for $13M in partner governance tokens; led partner acquisition and onboarding.

Bebop Sensors — Berkeley, CA
Head of Business Development — May 2017 - Apr 2020

- Closed $2.5M in development revenue and $300K in product sales; sourced and won a $750K USAF SBIR Phase II contract.
- Closed deals with Tesla, BMW, Toyota, Lear and Magna; led technical sales through validation, proposals and contract negotiation.

Enterprise Business Development Manager — Nov 2015 - May 2017

- Reached 124% of quota and earned promotion; prospected Fortune 500 technical and product buyers.

Earlier Experience — 2014 - 2015
Zenefits, Sales Development | TubeMogul, Account Manager, Platform Direct
